SAYS TRADE RECOVERY IS AT CRITICAL POINT

Bank Declares Situation Calls for Discrimination.

This country is at the critical point in business recovery and it is now to be demonstrated whether the combined judgment of American business men will prevent developments which easily could nullify all the progress made thus far, says the National Bank of Commerce in New York.

NEW ARGENTINE LOAN

BIDS FROM U. S. FIRMS

Washington Hears Total is About \$100,000,000.

WASHINGTON, Oct. 19.—The Government of Argentina has received new bids from American banking firms for a loan of about \$100,000,000. It was learned here to-day.

A loan of \$212,000,000 recently was contracted by the Argentine Government with Blair & Co. of New York, but it failed of ratification by the Congress of Argentina.

With a \$50,000,000 loan maturing at the end of this year and the need of additional funds by the new administration of Argentina, a new financial operation is considered necessary. It is understood negotiations for the new loan are being made on conditions similar to the amount which will insure approval by the Argentine Government.

U. S. to Approve Cuban Loan.

WASHINGTON, Oct. 19.—Authorization of the American State Department for notation of the \$50,000,000 loan recently negotiated by the Cuban Government was formally requested today by Dr. Arturo Padro Almeida, charge of the Cuban Legation. He was assured that the Washington Government's approval, required under the Platt amendment, would be granted.
